

Looking for Agricultural Commodity & Market Information?

Farm Market News Services

Daily Market Report Service

- Current data published daily and easily accessed on DTN, via subscription e-mail, on grain and oilseed commodity web sites, and through a phone-in service.
- Numerous news media outlets subscribe to this service for daily reports.
- Customized voice or print version market reports can be prepared and delivered on a timely basis.

Historical Market Data Services

- Farm Market News is Ontario's only comprehensive grain and livestock market data provider.
- Farm Market News has records of Ontario prices for corn, soybeans, canola, wheat, barley, oats, mixed grains, Western feed wheat, oats and barley dating back to 1991.
- Chicago Board of Trade grain futures, Chicago Mercantile Exchange livestock futures, and the Bank of Canada Exchange rates for each day are also available.

Research Project or Study Data Services

- If you need accurate historic data for analysis, projects or presentations, our custom service can personalize data reports and charts.
- Fast turnaround on assignments.
- Grain and seed processors rely on daily market services for settling contracts.
- Provides a credible, third party source of market information for legal matters.

Free Weekly AgriLink E-News Services
