## ***Open Houses for Future Students Will Highlight Nine Academic Programs at Ridgetown Campus***

Built on a long tradition of agricultural industry training, Ridgetown Campus also offers a wide variety of academic programs that many high school students and parents may not be familiar with. Three upcoming open houses are a great time to learn about degree, diploma and certificate training options at the University of Guelph's Ridgetown Campus.

Ridgetown's academic programs will be highlighted on the following dates and locations. We are excited to be offering one open house event in Clinton and two in Ridgetown. We hope you will come and check-us out!

### **Friday, November 19, 2010 at REACH Huron, Clinton**

- **Performance Horse Handler Certificate**

### **Thursday, November 25, 2010 at Ridgetown Campus, Ridgetown**

- **Veterinary Technology Diploma (Conventional and Alternative Delivery)**
- **Veterinary Office Administration Certificate**

### **Friday, November 26, 2010 at Ridgetown Campus, Ridgetown**

- **Bachelor of Bio-Resource Management – Environmental Management Major**
- **Agriculture Diploma**
- **Horticulture Diploma**
- **Environmental Management Diploma**
- **Laboratory and Processing Technology Certificate**
- **Environment, Health and Safety Certificate (post-diploma)**

These RED CARPET DAY student open house events offer a great opportunity to meet our students and staff, tour the campus and learn about diversified academic programs and career opportunities.

*From Communications, University of Guelph, Ridgetown Campus*

To attend one of the above open house events please pre-register on-line at [www.ridgetownc.uoguelph.ca/future/openhouse\\_rcd.cfm](http://www.ridgetownc.uoguelph.ca/future/openhouse_rcd.cfm).

“We’re very proud of our agriculture training history and agriculture remains a cornerstone academic program at Ridgetown. We’re equally proud of our additional diversified programs that offer Ontario’s youth with more post-secondary options,” states Liz Meidlinger, Manager, Communications and Advancement.

For more information about these future student open house events call 519-674-1587.

**Two Bachelor of Bio-Resource Management students at Ridgetown Campus heading off to an early morning class.**
